

PRECIOUS AS A NEW-BORN BABY – Jilly
Jarman & Jen Ellin

Everyone listen to what we say,
You are all precious in your own special way.
Take Jesus' love and spread it far and wide.
Care for each other and feel good inside.

Halleluya he is here today.
Making his mark in his own special way.
Finding his place, growing day by day.
All we have to do is remember his words today

Especially today
What he has to say
Especially today
What he has to say

He says it doesn't matter
Where you come from
It doesn't matter who you are
Cos with my love so fierce and my love so
strong
You'll always know where you belong
You're precious as a new-born baby
Special as the day you're born
